Project Documentation – NewTech Ecommerce web application

01) Home Page and Customer Registration and Sign In

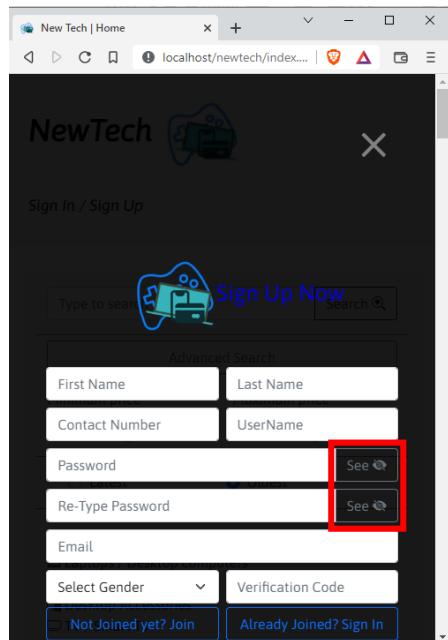

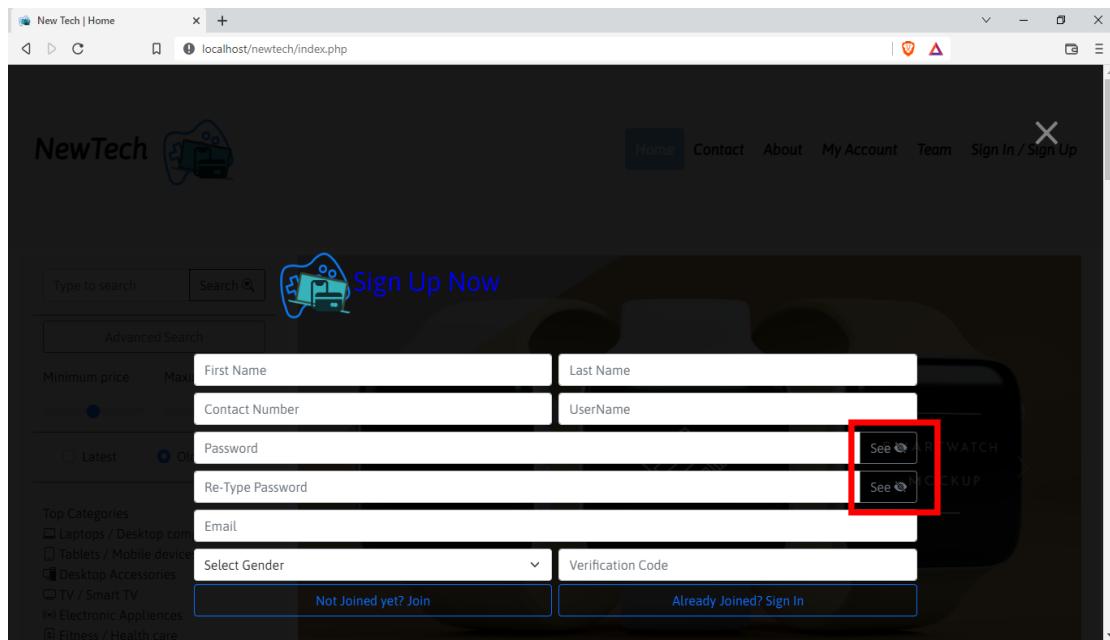

The **home page** that acts as the index file of the web application, first accepts the users who are not logged in or even un-registered users. All the users can browse the home page without registering or signing up and they can simply register or login to the application by accessing the **bootstrap overlay** linked to the Sign In/Sign Up navigation link in the navigation bar.

At first you click the Sign In / Sign Up link, the overlay opens with the interface to Sign In to the application but the user can simply click the button labeled as “Not Joined yet? Then Join” and Register to the application.

Also the Sign In and Sign Up interfaces of the overlay are much attractive with the password “see” options and the responsive behavior of those.

The Registration Interface is also much attractive with the responsive behavior of it and if the user wants to login instead of registering, he/she can simply click the button labeled as “Already Joined? Sign In” and sign in with the already existing account. And also the password can be verified by the user himself/herself as the “see” buttons are available with both password fields.

And there is a product sorting column with the home page itself and also at the first glance the user can see an attractive bootstrap carousel used to make the home page much glamour and also there is another carousel created only with HTML and CSS in order to give a brief introduction to the services provided through the NewTech web application.

And also there is a product listed area which displays the top ranked and newest products categorized according to the available categories.

2022 © SamuTechnologies(PVT) Ltd.

The header created specifically to the home page and the footer used throughout the application.

02) Advanced Search

The advanced search page of the application provides an interface to the user to search products in an advance manner with the category selections, brand and model selections, the latest and oldest products, through the condition of the products weather they are brand-new or used, and using the price ranges too.

This page is also responsive to the small and large screens with the bootstrap grid system. Bootstrap pagination elements also used here.

03) Single Product View Page

The screenshot shows a single product view page for the Vivo Y55s. At the top, there's a navigation bar with various links and a search bar. Below it, the main content area features a large image of the Vivo Y55s phone, followed by three smaller images showing different angles of the device. To the right of the images, the product name "Vivo Y55s" is displayed, along with its description: "Vivo Y 55 s brandnew mobile device available right now 8GB RAM 128GB storage available in many different colours Color : Blue Price : Rs. 55000 .00 Qty : 5 available ★★★★ Qty to buy : 1 Available right now". There are three buttons for purchase: "Buy Now", "Add to Cart", and "Add to Wishlist". A thumbnail image of the phone is also shown.

The screenshot shows the same single product view page for the Vivo Y55s, but with a different layout. On the left, there's a section titled "Device Specifications" listing various technical details like RAM, Technology, Display, OS, Memory, and Main Camera. On the right, there's a "Related devices" section featuring three more images of the Vivo Y55s phone. At the bottom, there's a footer with the company logo, address (No 37 Kurey Street Battaramulla Colombo 05), a map pin icon, and a newsletter sign-up form. The newsletter form includes fields for email and phone number, and social media links for Facebook, Instagram, and Twitter.

Single product view page allows customer to take a close look at a certain product and view the selected product's device specifications and others such as availability of the product, available amount of the product, description of the product, color, condition and other outer qualifications of the selected product too.

And here another specific function added to make the user feel much confident and comfortable on viewing the product image by zooming out it, by using only html, CSS, and JS.

And also there has inserted a relative product viewing grid to make easier to the user for navigating over the products.

As other pages available in the application, single product view page is also designed in a responsive manner.

The screenshot shows a web browser window displaying a single product view for the Vivo Y55s. The header features the NewTech logo and navigation links. Below the header, the breadcrumb navigation shows 'Home / Single product view'. The main content area displays four images of the Vivo Y55s smartphone from different angles. Below the images, the product name 'Vivo Y55s' is displayed. To the right of the product images, there is a detailed description of the phone, including its availability ('Available right now'), purchase options ('Buy Now', 'Add to Cart', 'Add to Wishlist'), and quantity selection ('Qty to buy: 1').

The screenshot shows a web browser window displaying a single product view for the Vivo Y55s. The header features the NewTech logo and navigation links. Below the header, the breadcrumb navigation shows 'Home / Single product view'. The main content area displays four images of the Vivo Y55s smartphone from different angles. Below the images, the product name 'Vivo Y55s' is displayed. To the right of the product images, there is a detailed description of the phone, including its availability ('Available right now'), purchase options ('Buy Now', 'Add to Cart', 'Add to Wishlist'), and quantity selection ('Qty to buy: 1').

Device Specifications

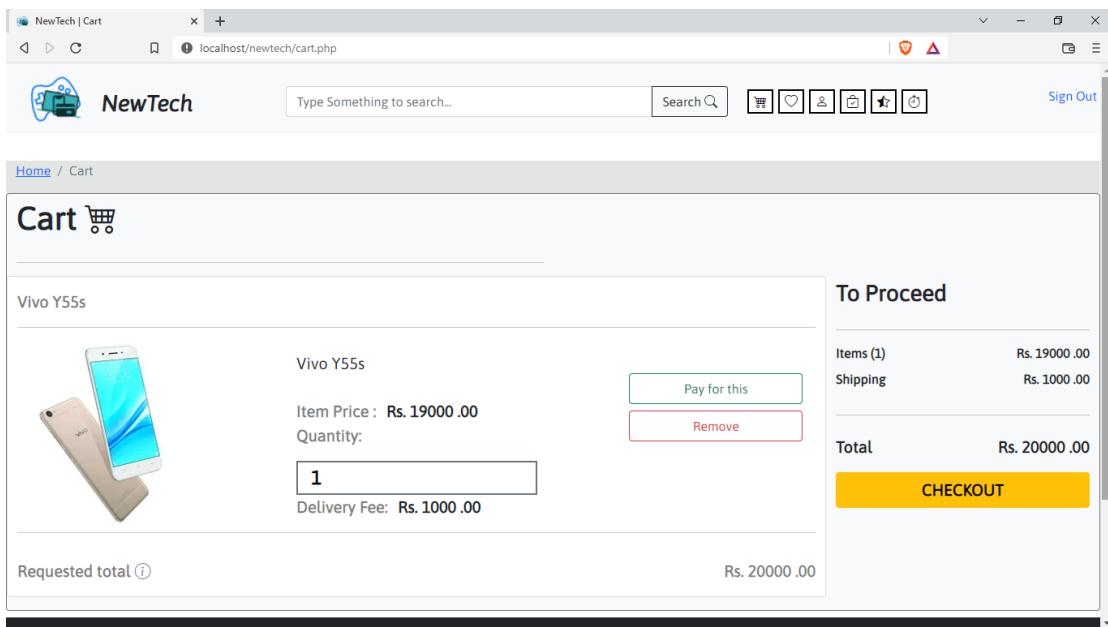

RAM	8 GB
Technology	GSM / HSPA / LTE
Display	5.2 inches 720 x 1280 pixels
OS	Android 6 (Marshmallow)
Memory	16GB 2GB RAM, 16GB 3GB RAM
Main Camera	LED flash, HDR, panorama 1080p@30fps

Related devices

A grid of three smaller images of the Vivo Y55s phone, arranged horizontally, serving as related products.

And also single product view page allows the customer to buy the product at the same moment and add the product to the 'wish list' and also to the 'cart'.

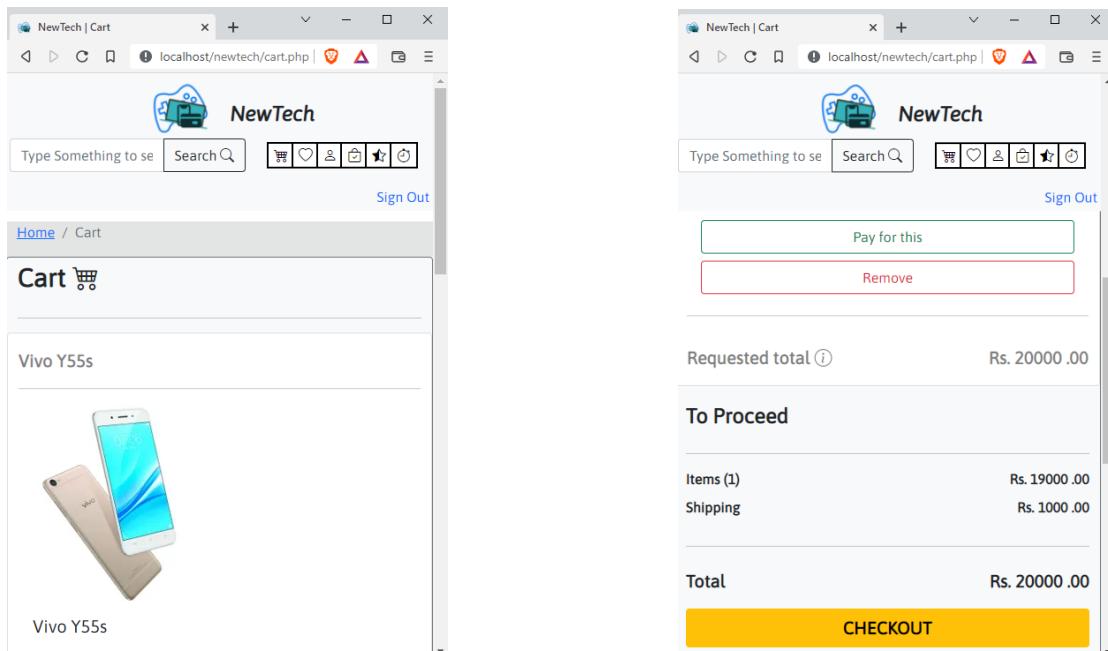

04) Cart page and Watch list

The screenshot shows a web browser window for 'NewTech | Cart' at the URL 'localhost/newtech/cart.php'. The page has a header with the 'NewTech' logo, a search bar, and navigation icons. Below the header, a breadcrumb trail shows 'Home / Cart'. The main content area is titled 'Cart' with a shopping cart icon. It displays a product card for 'Vivo Y55s' with two phones shown. The product details are: Item Price: Rs. 19000.00, Quantity: 1, and Delivery Fee: Rs. 1000.00. To the right, a 'To Proceed' section shows the total cost: Items (1) Rs. 19000.00, Shipping Rs. 1000.00, and Total Rs. 20000.00. A large yellow 'CHECKOUT' button is present.

The cart page is designed to include the products that the customer wishes to buy. The navigation bar, a bootstrap breadcrumb, bootstrap horizontal cards, bootstrap icons and many more components contributed together to design the cart page.

The cart page is also responsively created by using bootstrap grid system.

The image contains two side-by-side screenshots of the 'NewTech | Cart' page. Both screenshots show the same product in the cart: 'Vivo Y55s' with two phones. The left screenshot shows the 'Pay for this' button in green and the 'Remove' button in red. The right screenshot shows the 'Pay for this' button in green and the 'Remove' button in red. The 'Requested total' is listed as Rs. 20000.00. The 'To Proceed' section shows the breakdown: Items (1) Rs. 19000.00, Shipping Rs. 1000.00, and Total Rs. 20000.00. A large yellow 'CHECKOUT' button is visible.

The screenshot shows a web browser window titled "NewTech | Watchlist" with the URL "localhost/newtech/watchlist.php". The page has a header with the "NewTech" logo, a search bar, and navigation links for "Sign Out", "Home", "Watchlist", "My Watchlist" (which is highlighted in blue), "My Cart", and "Wishlist". The main content area is titled "Watchlist" and displays a product card for a "Smart Watch". The card includes a thumbnail image of the watch, the product name "Smart Watch", price "Rs. 5500.00", category "Smart watches", and description "Brand New White original with company warranty". To the right of the description are four buttons: "Buy Now" (green border), "Add to cart" (light blue border), "Add to wishlist" (light red border), and "Remove" (red border). Below the product card is a footer section with the "NewTech (PVT) Ltd" logo, the address "No 37 Kurey Street Battaramulla Colombo 05", a location pin icon, and social media links for Facebook, Instagram, and Twitter. There is also a newsletter sign-up form with fields for email and phone number, and a "Submit" button. The footer also includes the copyright notice "2022 © SamuTechnologies(PVT) Ltd".

'Watch list' is the page that carries all the products those the user has viewed through this application. Many more components has been used in order to design this page and this also has been created in a responsive manner.

The image contains two side-by-side screenshots of the "Watchlist" page. Both screenshots show the same basic layout with the "My Watchlist" tab selected. The left screenshot shows a standard product card for a "Smart Watch" with the same details as the first screenshot. The right screenshot shows the same product card, but the "Buy Now" button is now highlighted in green, indicating it has been clicked or is the active state. The other buttons ("Add to cart", "Add to wishlist", "Remove") are shown in their respective light blue, light red, and red states.

05) Wish List Page

The screenshot shows a web browser window for 'NewTech | Wishlist' at 'localhost/newtech/wishlist.php'. The header includes the NewTech logo, a user session for 'Hello Samudra', and navigation icons. The main content area is titled 'Wishlist ❤;'. On the left, a sidebar shows 'My Wishlist' (selected), 'My Cart', and 'Recently viewed'. The main content displays a product card for a 'Vivo Y55s' with a price of 'Rs. 19000.00', category 'Mobile Devices', and description 'Brand New Blue Vivo Y55s'. It features three buttons: 'Buy Now' (green), 'Add to cart' (grey), and 'Remove' (red). The footer contains the NewTech logo, address 'No 37 Kurey Street Battaramulla Colombo 05', a location pin icon, a newsletter sign-up form, social media links for Facebook, Instagram, and Twitter, and the email 'samutec@yahoo.com'. A copyright notice '2022 © SamuTechnologies(PVT) Ltd' is also present.

The user can add products to the wishlist page whereas he/she wishes to buy the product in near future. So the wishlist page is created in order to fulfil the above task through this New Tech web application.

This page too designed in a responsive manner.

The image displays two side-by-side screenshots of the NewTech Wish List page. Both screenshots show the same product listing for a 'Vivo Y55s' smartphone. The left screenshot shows a smaller view of the product card, while the right screenshot shows a larger, more detailed view of the same card. The product details remain consistent: Price 'Rs. 19000.00', Category 'Mobile Devices', and Description 'Brand New Blue Vivo Y55s'. Each view includes the same three buttons: 'Buy Now' (green), 'Add to cart' (grey), and 'Remove' (red). The rest of the page, including the header, sidebar, and footer, appears identical between the two views.

06) Product listing page

The screenshot shows a web browser window titled "NewTech | Product Listing" with the URL "localhost/newtech/productlisting.php". The page features a header with a logo, search bar, and navigation links. Below the header is a sidebar with search and filter options, including "Advanced Search" with price sliders, sorting by "Latest" or "Oldest", and a "Top Categories" section listing various tech products like Laptops, Tablets, Desktop Accessories, etc. The main content area displays three product cards: "Xiom Redmi Note 10 Pro" (IS-7200U 2.5GHz 12GB RAM 1TB HDD Win 10), "Vivo Y 55s" (IS-7200U 2.5GHz 12GB RAM 1TB HDD Win 10), and "Samsung Galaxy S22 New" (IS-7200U 2.5GHz 12GB RAM 1TB HDD Win 10). Each card includes a thumbnail image and a brief description.

This page also shows responsive features.

The screenshot shows two views of the same product listing page. The left view shows a standard desktop layout with the sidebar on the left and the main content area on the right. The right view shows a responsive design where the sidebar has been pulled out as an off-canvas menu, overlapping the main content area. Both views show the same product cards and layout elements, illustrating how the page adapts to different screen sizes.

An offcanvas from
Bootstrap grid system has
been used to ensure the
responsivity of the page.

07) Purchase history page

The screenshot shows a web browser window titled "NewTech | Purchased History" with the URL "localhost/newtech/purchasehistory.php". The page has a header with the NewTech logo, a search bar, and navigation icons. On the left, there's a sidebar with "Home > PurchaseHistory" and a "Switch to grid view" button. The main content area displays a table of purchase history. The columns are labeled "#", "Order Details", "Quantity", "Amount", and "Date & Time". There are three rows, each representing a purchase of a Vivo Y55s smartphone. Each row includes a small image of the phone, the product name, price, quantity, date, and time, along with "Feedback" and "Delete" buttons.

#	Order Details	Quantity	Amount	Date & Time	
00125001	Vivo Y55s Price :Rs 55000.00	1	Rs 55000.00	2022-05-14 22:20:45	<button>Feedback</button> <button>Delete</button>
00125001	Vivo Y55s Price :Rs 55000.00	1	Rs 55000.00	2022-05-14 22:20:45	<button>Feedback</button> <button>Delete</button>
00125001	Vivo Y55s Price :Rs 55000.00	1	Rs 55000.00	2022-05-14 22:20:45	<button>Feedback</button> <button>Delete</button>

All the details of the products those have been purchased by the user are listed here in the purchase history or in other words transaction history.

Here the specialty is the purchase history page carries two views as the grid view and the table view. The above picture shows the table view while the below picture shows the grid view.

The screenshot shows the same web browser window and page structure as the previous one, but it is displayed in grid view. The main content area now shows three separate cards, each representing a purchase of a Vivo Y55s smartphone. Each card includes a small image of the phone, the product name, price, ID, quantity, date, and time, along with "Feedback" and "Delete" buttons.

Order Details	Quantity	Amount	Date & Time	
Vivo Y55s Rs. 55000.00 00001220002 Quantity : 1 2022-05-18 22:20:45	1	Rs. 55000.00	2022-05-18 22:20:45	<button>Feedback</button> <button>Delete</button>
Vivo Y55s Rs. 55000.00 00001220002 Quantity : 1 2022-05-18 22:20:45	1	Rs. 55000.00	2022-05-18 22:20:45	<button>Feedback</button> <button>Delete</button>
Vivo Y55s Rs. 55000.00 00001220002 Quantity : 1 2022-05-18 22:20:45	1	Rs. 55000.00	2022-05-18 22:20:45	<button>Feedback</button> <button>Delete</button>

The purchase history page is also responsive from the mobile device to the large screen device.

The image displays three side-by-side screenshots of a web application interface for a purchase history page, labeled "NewTech | Purchased History".

Screenshot 1 (Grid View): Shows a grid layout for a single purchase. It includes a thumbnail of the Vivo Y55s phone, the product name "Vivo Y55s", its price "Rs. 55000.00", the order ID "00001220002", the quantity "Quantity : 1", and the purchase date "2022-05-18 22:20:45". Below this information are two buttons: "Feedback" (dark grey) and "Delete" (red).

Screenshot 2 (Card View): Shows a card-style view for the same purchase. It features a larger thumbnail of the Vivo Y55s phone, the product name "Vivo Y55s", its price "Rs. 55000.00", the order ID "00001220002", the quantity "Quantity : 1", and the purchase date "2022-05-18 22:20:45".

Screenshot 3 (Table View): Shows a table-based view for the same purchase. It includes a thumbnail of the Vivo Y55s phone, the product name "Vivo Y55s", its price "Rs. 55000.00", the order ID "00001220002", the quantity "Quantity : 1", and the purchase date "2022-05-18 22:20:45".

08) Invoice page

The screenshot shows a web browser window titled "NewTech | Invoice" with the URL "localhost/newtech/invoice.php". The header includes the NewTech logo, a "Hello Samudra" greeting, and navigation icons. The main content area displays the company details: "NewTech (PVT)Ltd", address "No 37, Kurey Street, Battaramulla, Colombo 05", phone "+94112546978", and email "newtech55@gmail.com". The "INVOICE 02" section shows the invoice details: "INVOICE 02" and "Date and Time of Invoice : 2022-05-16". The "INVOICE TO :" section lists "Samudra Uduwaka" with contact "No 204/44A, Sarvodaya mw" and email "anuhasaki@gmail.com". The table below shows one item: Order ID 00001115 for a Vivo Y55s at Rs. 10000.00 per unit, quantity 2, totaling Rs. 20000.00.

#	Order Id & Product	Unit Price	Quantity	Total
1	00001115 Vivo Y55s	Rs. 10000.00	2	Rs. 20000.00

SUBTOTAL: Rs. 20000.00

This screenshot shows the same invoice page as above, but with additional content. It includes a "NOTICE" box stating "Purchased items can return just after delivery." Below the invoice table, there is a note: "Invoice was created on a computer and is valid without the signature and seal." The footer contains the company logo, address "No 37 Kurey Street Battaramulla Colombo 05", a location pin icon, and a newsletter sign-up form with fields for email and phone number, and a "Submit" button. Copyright information "2022 © SamuTechnologies(PVT) Ltd" is also present.

The invoice page is created to include both the details of the company that sells the products and the details of the customer who buys the products through the application. And also the details of the products such as price, quantity, order id are included in this page.

Buttons of printing the invoice and for saving the invoice as a pdf are also included here.

Invoice page is also designed in a responsive manner.

10) User profile updating page

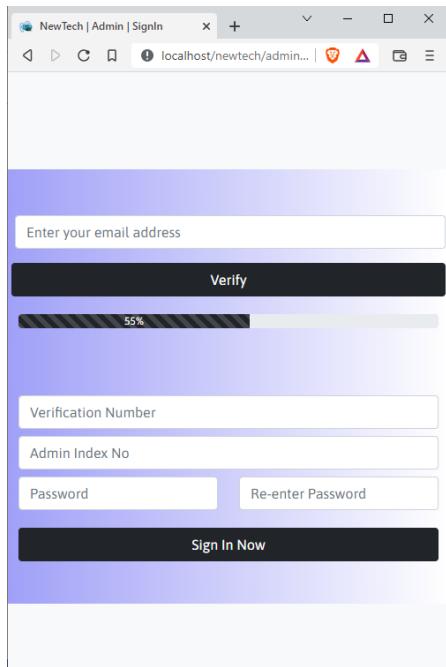

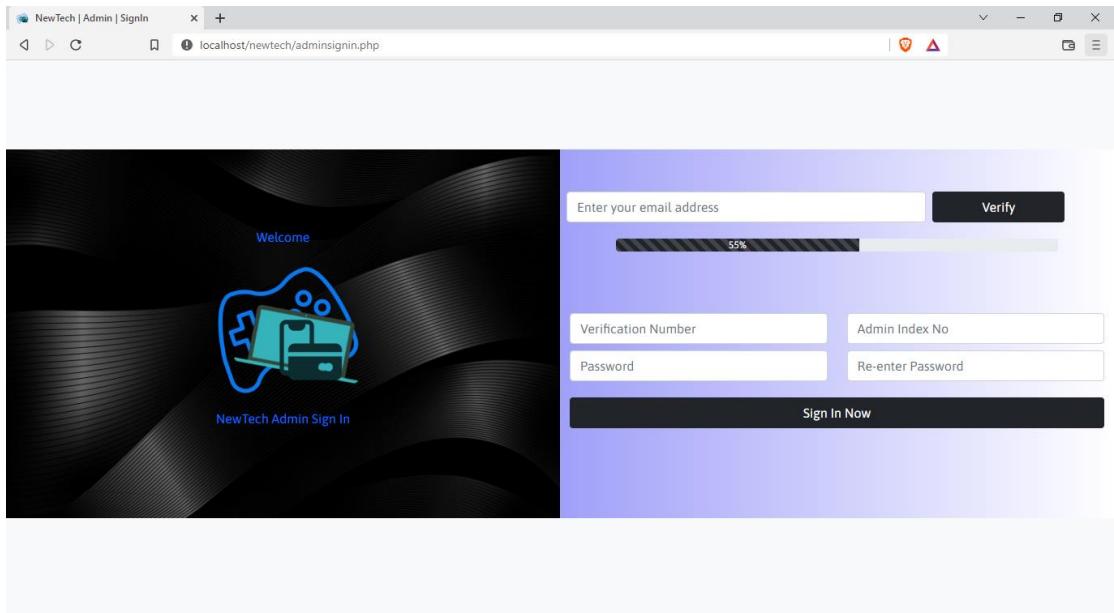

The screenshot shows a web browser window titled "NewTech | Update profile" with the URL "localhost/newtech/userprofile.php". The page has a purple header bar with the "NewTech" logo, a "Hello Samudra" greeting, and a "Sign Out" link. Below the header is a navigation bar with links for "Home" and "My Profile". The main content area is divided into three columns: "Profile Pic" (containing a placeholder image and "Select" and "Upload" buttons), "Profile Details" (containing fields for First Name, Last Name, Email, Mobile, Password, Register date, and Gender), and "Address Details" (containing fields for Street, City, District, Province, and two "Save Changes" buttons). At the bottom of the page is a footer with a newsletter sign-up form and social media links.

The user profile updating page is for viewing and updating the details of the user. Each and every registered user can access this page and manage and handle the details of him/her.

This page is also responsive to all the devices.

The screenshot shows the same "User Profile Updating" page as above, but it is displayed on a mobile device with a smaller screen. The layout is adjusted to fit the mobile screen, showing the "Profile Pic" section at the top, followed by the "Profile Details" and "Address Details" sections below it. The fields and buttons are appropriately sized for a mobile interface.

11) Admin Sign In

The admins of the web application can login in order to access the admin panel and then the admin can manage the web application through the admin panel.

An input field for entering the email of the admin is available and then the admin can verify the email address weather that is of an admin or not. And then an email with a verification number is sent to that email and that verification number and admin index number and also the password that the admin uses should be entered through the input fields provided with the admin login GUI.

And then the admin can login successfully.

12) Admin Panel

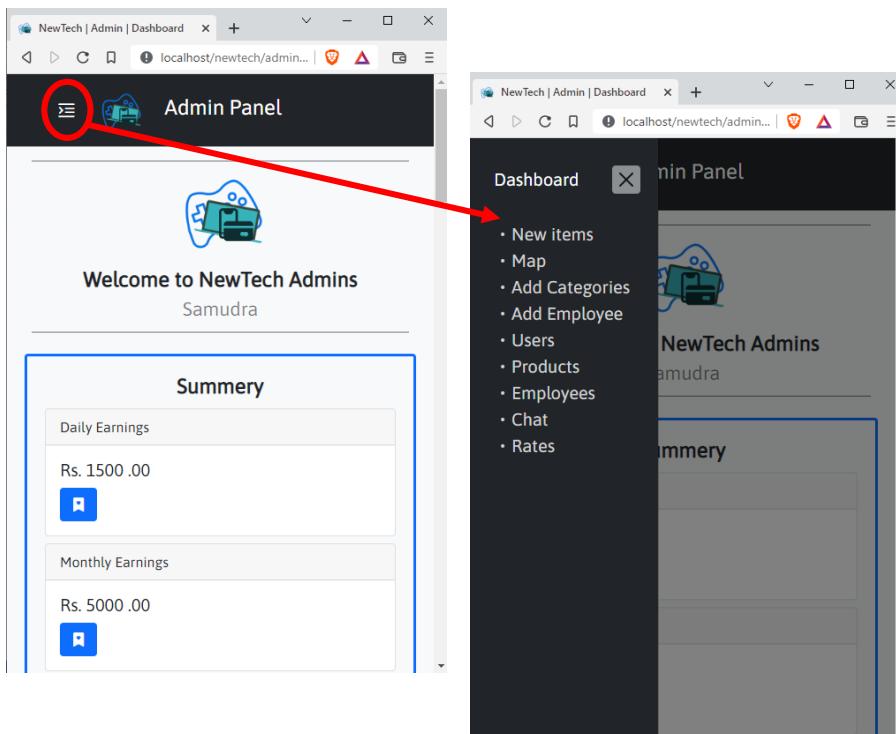

The screenshot shows a desktop browser window for 'NewTech | Admin | Dashboard' at 'localhost/newtech/adminpanel.php'. On the left is a dark sidebar with a 'Dashboard' title and a list of management tasks: 'New items', 'Map', 'Add Categories', 'Add Employee', 'Users', 'Products', 'Employees', and 'Rates'. The main area has a header 'Welcome to NewTech Admins' with a profile icon and the name 'Samudra'. Below is a 'Summary' box with four cards: 'Daily Earnings' (Rs. 1500.00), 'Monthly Earnings' (Rs. 5000.00), 'Today Sellings' (15+ Items), and 'Monthly Sellings' (50+ Items). At the bottom is a 'Manage Users' section with the heading 'Welcome to manage users'.

Admin panel is the place where the admins of the web application can handle and manage all the tasks done through the application and also manage all the users, products and employees of the company web application.

Admin panel also comes with a responsive design.

The image contains two side-by-side screenshots of the admin panel on a mobile device. The left screenshot shows the 'Admin Panel' header and an 'Off Canvas' menu icon. The main content includes the 'Welcome to NewTech Admins' message, the 'Summary' box with its four cards, and the 'Manage Users' section. The right screenshot shows the 'Admin Panel' header and the 'Off Canvas' menu open, revealing a large user icon and a 'Start Managing' button. Below it is another 'Manage Employees' section with its own content.

In the design of small devices, an off canvas is used in order to have a pleasant look of the admin panel

The tasks can be done using the admin panel are;

- 01) manage users
- 02) manage products
- 03) add categories and brands
- 04) manage employees
- 05) View the summary cards
- 06) Add and update products via another page linked to the admin panel

13) Manage users

ID	First Name	Last Name	Email	Joined	Status
1	Samudra	Samadhi	Anuhasaki@gmail.com	2022-05-17	Active
2	Vishwa	Nuwantha	wishwa@gmail.com	2022-05-19	Inactive

14) Manage employees

The screenshot shows the NewTech Admin Dashboard. On the left, a dark sidebar lists navigation options: Dashboard, New items, Map, Add Categories, Add Employee, Users, Products, Employees, and Rates. The main content area is titled "Manage Employees" with the sub-instruction "Welcome to manage Employees". It features a large icon of two stylized human figures. Below the icon is a "Start Managing" button and a search bar with placeholder text "Search by name or id...". A "Search" button is to the right of the search bar. A table displays employee data:

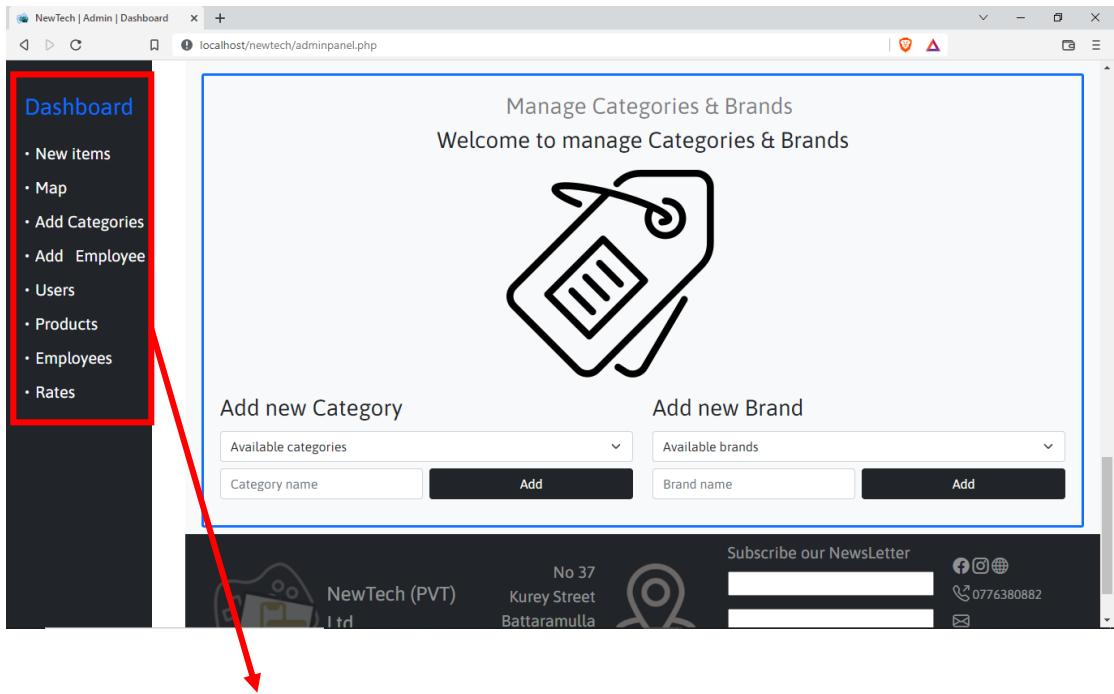

ID	First Name	Last Name	Email	Joined	Status
1	Samudra	Samadhi	Anuhasaki@gmail.com	2022-05-17	Active
2	Vishwa	Nuwantha	wishwa@gmail.com	2022-05-19	Inactive

15) Manage products

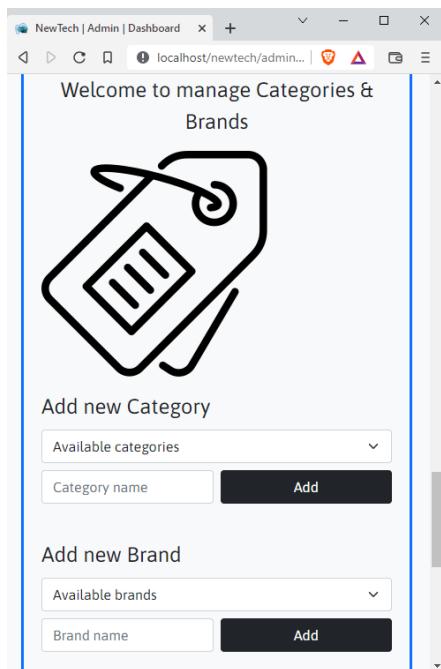

The screenshot shows the NewTech Admin Dashboard. The sidebar is identical to the previous screenshot. The main content area is titled "Manage Products" with the sub-instruction "Welcome to manage Products". It features a large icon of a shield above a box. Below the icon is a "Start Managing" button and a search bar with placeholder text "Search by name or id...". A "Search" button is to the right of the search bar. The interface is split into two sections: "Popular of the year" and "Popular of the month" on the top half, and "Popular of the day" on the bottom half. Each section shows a product thumbnail, its name, a brief description, and the status "Most Selling product". The bottom half also includes a table:

ID	Name	Category	Stock	Added	Status
1	Vivo Y55s	Mobiles	Stock 1	2022-05-17	Active
1	Vivo Y55s	Mobiles	Stock 1	2022-05-17	Inactive

16) Add categories and brands

Through this UI, an admin can add categories and brands also viewing the already available categories and brands from the database.

All the links are navigated throughout the admin panel by using the links available in the side navigation bar created using the class name 'bg-dark'.

Id's are used to access the divs those are composed with the tasks those can be done using the navigation bar of the admin panel.
